

REMARKS

Claims 1 to 11 are under consideration. Claim 12 is cancelled. Claims 1, and 7 have been amended. Reconsideration of claims 1-11 is requested. A substitute specification is enclosed with figures. NO NEW MATTER is added.

SPECIFICATION

The Action pointed out Informalities on Page 9, in “Brief Description of Drawings” ; and in Figures 2 to 6.

In response, applicant has corrected all of the informalities in the amendments presented above and in the Substitute specification. The above rejection should therefore be withdrawn.

Claim Rejection under 35 U.S.C §112.

The Action rejected claims 1, 7 and 12 for variously reciting “secure password” “secure parameter” and “secret password” respectively.

In response, claims 1 and 7 have been amended to consistently recite “secure password”. Claim 12 has been cancelled.

Therefore, the above rejection should be withdrawn.

Claim Rejection under 35 U.S.C. §101

The Action rejected Claim 12 as being non-statutory. In response, applicant has cancelled claim 12.

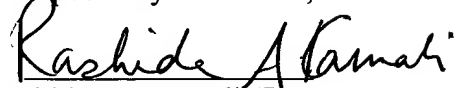

Therefore the above rejection is moot and should be withdrawn.

Applicant has endured a long and EXPENSIVE prosecution due to incompetent and inefficient examination by the previous Examiner. Applicant is submitting separately a Complaint to the newly formed Legal Department at the USPTO, for review of the File

Wrapper, to prevent such an egregious experience again. Applicant thanks the new Examiner for her assistance and requests that should she find any outstanding issues, she should inform applicant's attorney Rashida Karmali by telephone before issuing yet another Office Action, so that applicant can arrange an interview BEFORE the next Office Action is issued to discuss out standing issues.
